

Chord changing exercise

For these exercises: strum down on each beat 1, 2, 3, 4. Play the chord progression at a slow tempo as this will give you more time to change the chords. Remember to study the chord shapes you are playing and try to change to the next chord with as little finger movement as possible.

Exercise 1

$\frac{4}{4}$ |: A | D | A | E :|

Exercise 2

$\frac{4}{4}$ |: Am | D | G | Em |

| Am | D | C | G :|

|: C | D | G | G :|

| C | D | G | Em |

| Am | D | C | G |
